**Operational**  
**CARBOHYDRATE -- Estimated Cost**

1. It is necessary to compensate CARBOHYDRATE for continuing financial losses incurred by him, due to the double currency situation and due to Berlin, in following our operational instructions. As of the 1st of June, we believe that in view of CARBOHYDRATE's special situation, we should consider financial coverage since his return to Germany is not possible. We should do this especially for his family and children. We should also consider the possibility of sending him to the West. We therefore intend to pay him 100,000 DM. per month in Berlin, and 100,000 DM. to be added for him in West Germany. We should also pay Deutsche Mark 100,000 monthly.

2. We have made, for April 1949, the first monthly payment of 50 RM in Berlin. Provided you approve the Western German deposits for him, we suggest the effective date for beginning these deposits be 1 April 1949.
